## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 12 is rejected under 35 U.S.C. 102(b) as being anticipated by Thomas et al. (5,262,123). Thomas discloses a front punch (60) having a planar press surface (62) and a rear punch (61) having planar press surface (63). The punches are rotated in opposite directions (fig. 12) to press a material (65).

### ***Allowable Subject Matter***

Claims 1 and 3-11 are allowed.

### ***Response to Arguments***

Applicant's arguments with respect to claim 12 have been considered but are moot in view of the new ground(s) of rejection.

Thomas discloses oppositely rotating punches with planar faces that press a material. Thomas was previously cited by the Examiner on the PTO-892 form mailed on 1-3-2006.

**Conclusion**

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
